Is there an incumbent for this work?

Not sure I understand the question, PenMet Parks would be the incumbent and myself the primary staff contact.

Is there a budget range / not to exceed to be mindful of?

There is an allocated budget for this project, not to exceed \$75,000.

What is driving the timeline and is there any flexibility? My team usually like to be able to commit more than 2 months to plan and execute community engagement work, so we were curious if there was any room to add more time to phase two.

This is something that could be discussed if a proposal details why this could benefit the overall finished project.
